

TECHNICAL SPECIFICATION OF FUEL STORAGE 5000 LITRES, COMPLETE WITH STANDARD TOOLS & ACCESSORIES, QUANTITY-30 NUMBERS (DP-5)

Ser	Description	Specifications
1.	Name of the Equipment	Fuel storage 5000 Litres
2.	Name and Address of Local Agent	To be mentioned (With Phone number, Fax, mail and Web address)
3.	Name and Address of Principal	To be mentioned (With Phone number, Fax, mail and Web address)
4.	Name and Address of Manufacturer	to be mentioned (With Phone number, Fax, mail and Web address)
5.	Make & Model	To be mentioned
6.	Country of Origin	Group A Countries
7.	Country of Manufacturer	
8.	Type	Pillow type tank
9.	Storage capacity	Minimum 5000 Litres
10.	Colour	White with UN writing
11.	Material of the Equipment	Specially treated PVC coating polyester fabric
12.	Fabric Quality	High resistance textile, 100% polyester
13.	Tearing resistance	Minimum 600 N
14.	Breaking strength	To be mentioned
15.	Useable life	25 years compatibility
16.	<u>Dimension</u>	
	a. Length	To be mentioned (Empty condition)
	b. Width	To be mentioned (Empty condition)
	c. Depth	To be mentioned (When filled Fuel)
17.	<u>Delivery</u>	At horizontal centerline. Location at one of the pillow
	a. Loc	Ball valve 2" or more
	b. Rate	To be mentioned
18.	<u>Outlet Delivery</u>	At horizontal centerline. Location at the opposite side or corner
	a. Loc	Ball valve 2" or more
	b. Rate	To be mentioned
19.	Method of Erection	Fold out on flat, horizontal surface
20.	Support	Mats/Ground sheet
21.	Weight	To be mentioned
22.	Repair Kit	To be provided
23.	Standard accessories	List with quantity to be provided
24.	Operation manual	To be provided
25.	<u>Certificate</u>	
	a. ISO certificate	To be submitted.
	b. Manufacturer certificate	To be submitted in favour of Principal
	c. Principal's certificate	To be submitted in favour of Local agent
	d. After sales services certificate	To be submitted by Local agent
	e. Warranty/Guarantee certificate (Minimum 2 years):	To be submitted by manufacturer, principal and local agent
